

Installer Technician

CommuniComm Services has an immediate opening for an Installer Technician in our Wheatland, WY system. This position provides support, and performs simple to complex installations, disconnects, service changes, and repairs, to our residential and business broadband and data customers. The successful candidate will possess a strong technical and mechanical aptitude, a good personal and work ethic, and a desire to work independently and interact with the public. The flexibility to work overtime is required. Candidates must be comfortable working at heights and outdoors in all weather conditions. Previous broadband or IT industry experience and A+ Certification or equivalent is desirable. Qualified applicants must possess and maintain a current driver's license, pass a pre-employment drug screening, a driving record check, criminal background check and provide references.

CommuniComm Services offers a competitive salary and benefits package which includes free cable and internet for employees who live within CommuniComm Service areas, paid time off, medical/dental/vision, life insurance, short-term and long-term disability, 401(k) and flexible spending accounts.

E-mail resumes to: egarland@jamescable.com; reference "Installer – Wheatland" in the subject line or fax: 307-358-3849 or mail to: 234 N. Windriver Drive, Douglas, WY 82633.

CommuniComm Services is a drug-free and EOE employer.
