

Regional Field Engineer

James Cable LLC (known to our customers as CommuniComm Services) has an immediate opening in our technical support group for a Regional Field Engineer(RFE). Our RFEs support system operations, maintenance, FCC compliance, and special projects for multiple systems across a multistate geographic area, including Durant, OK, and Westlake, LA. The position is very diverse in scope and an exciting challenge for a mid level technically oriented individual who is self motivated and able to work both independently, and in a team environment.

The successful candidate will be able to demonstrate a minimum 5 years progressive experience in system or regional level broadband operations, mid-level electronics knowledge, 12th grade math, reading, and communications skills, strong analytical and cognitive skills, a desire to travel, basic to moderate PC and network understanding, and familiarity with standard broadband industry tools and test equipment.

James Cable LLC offers a competitive salary and benefits package which includes paid time off, medical/dental, life insurance, short-term and long-term disability, 401(k) and flexible spending accounts.

For Consideration, please e-mail your resume and salary history to: HR@jamescable.com reference RFE in the subject line. By mail at James Cable LLC, c/o Human Resources, 15 Braintree Hill Park, Suite 102, Braintree, MA 02184.

James Cable, LLC is a drug-free and EOE.
